In view of the fact that many War Funds have terminated their activities, the General Council wish to state that King George's Fund for Sailors, although inaugurated during the war, is a permanent fund, now incorporated under Royal Charter, and its activities will continue in perpetuity.

## KING GEORGE'S FUND FOR SAILORS.

1932.

---

### GENERAL.

In presenting the 16th Annual Report of King George's Fund for Sailors, for the year 1932, the General Council are pleased to be able to record another year of continued and satisfactory progress.

It gives the Council peculiar gratification to be in a position to make this statement seeing that the past year has been one of unprecedented difficulty for every branch of trade in this country and more particularly for our great shipping industry. The depression in shipping has continued for some considerable time and shows no indication of immediate improvement. No matter what the causes of this stagnation in seaborne trade may be, the fact remains that, as a result, large numbers of ships have been laid up and many of the vessels kept running have been operated at a loss. The effect has been to throw thousands of officers and men of the Merchant Navy out of employment, causing acute and widespread distress amongst them and their dependants.

If this state of affairs had been confined to the shipping industry only, it might have been anticipated that help for seafarers in adversity would have been forthcoming from those of their more fortunate compatriots on shore not unmindful of the great services rendered by British Seamen during the Great War. But the depression has been universal and all the principal industries of the Empire have been as seriously assailed, with a consequent reaction on every individual throughout the country. In these circumstances the Council felt considerable anxiety at the beginning of the year as to how the income of the Fund from subscriptions and donations would be affected, and were apprehensive that they would have at their disposal for distribution a markedly reduced sum at a time when the demands on the resources of the Fund were abnormally large.

It is gratifying, therefore, for the Council to be able to report that though the totals of both subscriptions and donations are slightly smaller than in the previous year, the falling off is very much less than was expected and the receipts from these sources are on the whole satisfactory, considering the economic position. They now desire to tender their warm thanks to those supporters of the Fund who have so generously maintained their help, in some cases no doubt at considerable personal self sacrifice, and thus enabled the Council to distribute a total sum well up to the average of the past few years. A very encouraging feature has been the renewed assistance of contributors who supported the Fund in its early days but had severed their connection for some years. Their generosity in again coming forward in these difficult times is greatly appreciated.

The legacies received during the year totalled £2,028, which represents the bequests paid in cash, and a further considerable sum was received in the shape of securities transferred to the Fund on the distribution of the residue of two estates, from which the Fund had previously benefited. The direct bequests to an amount of £1,828 have been invested and these include a further payment of the residue of the estate of the late Mr. W. S. DAVIDSON, whose Trust Fund for merchant seamen now amounts to £3,941, and legacies under the Wills of Mrs. ISABELLA RENNIE, Mr. C. M. COXON, and Miss JESSIE ORMEROD. The Council desire to thank very cordially the executors of the estate of Mrs. C. W. BEVAN for £200 allotted to the Fund from the amount at their disposal for charities.

The total transferred in securities under the General Fund was made up by a bequest by Mrs. FLORA MCLORG, of a present market value of about £2,000, and a further and final distribution under the estate of the late Captain SIR CHARLES CUST, Bart., R.N., amounting to £4,483. Thus making a total of about £13,722 received under this bequest. The Council again desire to place on record their great appreciation of the generosity of the testator in the interests of his brother seamen.

H. H. WILLS FUND.—The Council have great pleasure in reporting a handsome addition to this Fund during the year. It will no doubt be remembered that in 1924 this Trust was established exclusively for the benefit of seamen and sailors of the Mercantile Marine, under the Will of the late Mr. HENRY HERBERT WILLS, whose executors transferred ten shares of the residue, represented by a sum of £60,000, to the Trustees of the Fund for this purpose. On the death of Dame MONICA WILLS, the widow of Mr. WILLS, in 1931, a further considerable sum became available for charities and the two surviving executors, the Public Trustee and Mr. W. St. J. F. MILES, decided to hand over to the Fund under a supplementary trust deed, a further ten shares of the residue available. This was carried out at the close of the year and securities of a nominal value of £23,334 were transferred to the Official Trustees on behalf of the Fund.

The General Council desire to record here their grateful appreciation of the action of the two executors in again entrusting the Fund with this further handsome sum for the benefit of seafarers and for the compliment paid to the Fund in again selecting it as the most suitable body to carry out the wishes of the testator. The Trust should prove a splendid and fitting memorial to the liberality of Mr. HENRY H. WILLS and Dame MONICA WILLS and their very generous recognition of the debt which the inhabitants of these islands owe to the sea services. It only remains for the General Council once again to make grateful acknowledgment of this munificent bequest and to express how great an encouragement it is to them in their work for distressed seafarers.

In expressing their warm appreciation of the generous support received during the year, the Council desire to give special mention to the following :—

It is also desired to thank very cordially those workers in London and the Provinces through whose special efforts support has been received during the year. Notwithstanding the depressed conditions in shipping, which have prevailed for so long at Liverpool, the Merseyside Appeal Committee decided to hold their annual Flag Day on behalf of the Fund as usual in the towns on Merseyside. The Flag Day function was held on May 30th with the result that the Fund subsequently benefited to the extent of £630, thus bringing the total received from this source up to £13,200. The Council once again tender their congratulations and thanks to the Officers, Appeal Committee, Ladies' Committee and other workers connected with the movement for their successful efforts and their continued interest in the work of the Fund.

On May 20th, a Dance, Cabaret and Bridge Party on behalf of the Fund was organised by Mrs. HYDE-HEWETT at Eden Manor, Staplehurst, Kent, kindly lent for the occasion by Mr. and Mrs. A. W. WAMSLEY. It proved a very successful and enjoyable function whereby the aims and objects of the Fund were brought to the notice of many new friends, who, it is hoped, may become permanent supporters. Special thanks are due to Mrs. HYDE-HEWETT for her labours as the organiser of the entertainment and to Mr. and Mrs. WAMSLEY for placing their charming house and grounds at the disposal of the guests.

In thanking those who have done so much for the Fund during the past year, the Council must again express their cordial recognition of the continued assistance rendered by the Press. It is difficult, if not impossible, for the Council to estimate adequately the value of the support thus rendered and the importance they attach to the publicity so readily and generously accorded at all times, for which they are duly grateful.

#### CENTRAL BUREAU—NAVAL OFFICERS' CHARITIES.

This Bureau has now been in operation for over three years and its work is considered to be of use to the several co-operating charities. The card index continues to expand and is now of some considerable value for purposes of reference. Applications for information and advice are received daily and passed on without delay to the appropriate charity for consideration.

Experience gained indicates how small a number of officers on the active list of the Royal Navy appear to be aware of the several charities working for the benefit of retired officers, their wives, widows and dependants, and it would seem to be very desirable to secure their interest whilst they are serving and, in most cases, in a position to support in some way those funds relieving their brother officers and their dependants when in adversity.

The Council has had the benefit, for the last two years, of the services of Paymaster-Captain M. G. BENNETT, O.B.E., R.N., as liaison officer between the Admiralty and the Bureau and are grateful to him for the keen interest he has taken in the work and for his useful advice and help in developing the utility of the scheme. They regret that he will shortly be moving on to another appointment and in wishing him success in his further career in the Royal Navy, at the same time extend a welcome to his successor, Paymaster Captain J. SIDDALLS, O.B.E., R.N., who relieves him early in the year.

The General Council met four times during the year. H.R.H. THE DUKE OF YORK, President, was graciously pleased to preside at the December Meeting, and H.R.H. THE DUKE OF CONNAUGHT, Chairman, at those in June and October. One meeting was held at St. James's Palace by the gracious permission of HIS MAJESTY THE KING, and three meetings were held in the Court Room of the Trinity House. The Annual General Meeting, by kind permission of the Lord Mayor, took place at the Mansion House, the Lord Mayor, as a Vice-President of the Fund, presiding on that occasion. The General Council, on behalf of all connected with the Fund, desire to thank very cordially the Deputy-Master and Elder Brethren of the Trinity House for the continued kindness and hospitality extended by them to the Fund at all times since its inauguration.

It is with great regret that the Council have to announce heavy losses sustained by the Fund during the past year through the deaths of:—

*Vice-Presidents—*

THE RIGHT HON. THE EARL FORTESCUE, K.C.B., C.M.G., A.D.C., one of the original Vice-Presidents appointed in 1917, he always showed keen interest in welfare work for seafarers.

COLONEL C. MATTHEWS-DONALDSON. As an Honorary Visitor from 1917 to 1924 he gave most useful service and since becoming a Vice-President in the latter year he continued his practical interest in the work of the Fund and was from the first a generous supporter.

*General Council—*

CAPTAIN SIR ARTHUR W. CLARKE, K.C.V.O., K.B.E. (Deputy-Chairman),

MR. SIDNEY H. COTTON,

CAPTAIN THE RIGHT HON. THE EARL OF INCHCAPE, G.C.S.I., G.C.M.G., K.C.I.E., R.N.R. (Honorary Secretary).

CAPTAIN HAROLD A. SANDERSON, R.N.R.

CAPTAIN THOMAS M. WHITEHEAD.

The great services to the Fund of Sir ARTHUR CLARKE, in his capacity as Deputy-Chairman from 1917 to the day of his death, have already been referred to in the last Report and need not be recapitulated here. Nor will it be desirable to attempt to detail the individual services of the other members, all of whom in their different capacities gave of their best, in interest, in attendance at meetings, and in expert knowledge and valuable advice. All but one, who joined a year or two later, were amongst the number of those first appointed to the Council on the inauguration of the Fund and were active in building it up on a firm basis and promoting its ultimate development. In them the Fund loses zealous and much valued workers whom it will be very difficult to replace.

The following resignations have also occurred during the year:—

*Honorary Visitors—*

Lieut.-Colonel J. T. I. BOSANQUET,

Sir CECIL A. COCHRANE, D.C.L.

and the Council take this opportunity of thanking them once again very cordially for their services on behalf of the Fund.

The following elections and appointments have taken place during the year:—

*Vice-Presidents—*

Admiral the Hon. SIR HUBERT BRAND, G.C.B., K.C.M.G., K.C.V.O.,

SIR CECIL A. COCHRANE, D.C.L.,

Captain the Right Hon. the EARL HOWE, P.C., C.B.E., V.D., R.N.V.R.,

Admiral of the Fleet SIR ROGER J. B. KEYES, Bart., G.C.B., K.C.V.O., C.M.G., etc.,

Admiral SIR REGINALD Y. TYRWHITT, Bart., G.C.B., D.S.O., D.C.L., A.D.C.

*General Council—*

Vice-Admiral SIR G. ROBERT MANSELL, K.C.V.O., C.B.E., Deputy-Chairman,

MR. J. HOWARD GLOVER, Honorary Treasurer,

SIR JAMES MICHELLI, C.M.G., Honorary Secretary,

MR. T. HARRISON HUGHES,

Captain SIR ARTHUR H. ROSTRON, K.B.E., R.D., R.N.R.

*Honorary Visitors—*

MR. WILLIAM R. ROBERTS.

MR. ROBERT M. SUTTON.

The Distribution Committee (Chairman, Vice-Admiral Sir ROBERT MANSELL), the Finance Committee (Chairman, LORD ESSENDON), and the Collecting Committee (Chairman, Sir ROBERT MANSELL), have met at intervals during the year and the Council desire to thank the Members of those Committees for their regular attendance and for their valuable advice and assistance.

## DISTRIBUTION.

The number of applications from Marine Benevolent Institutions to participate in the Main Grants of the Fund was 102, and of these, 95 were allocated grants. The total grants for the year amounted to £46,300.

## INTERIM GRANTS.

These amounted to £7,640, a larger award than for the last six years, the increase being due to the prevailing depression in shipping and consequent distress amongst seafarers. Included under this head were two special Samaritan Fund grants to Brisbane and Buenos Aires, from both of which places the Fund received very generous support soon after it was inaugurated.

## MAIN GRANTS.

These were allocated to the various old-established institutions and funds which have received grants in the past and except for variations in the amounts of the allocations there is little difference to record. The Committee were, however, faced with a more difficult task than usual, since the number of applicants had increased by ten since the previous distribution and the total exceeded one hundred. At the same time with each individual fund emphasising the urgency of its claims, the amount at the Committee's disposal was little larger than in 1931. In consequence a few applicants, whose cases did not appear to be very pressing, had to be ruled out and nearly all provisional grants had to be severely pruned in the final allocation. Though these cuts were only applied where they were considered to be least felt, it is inevitable that disappointment must have been experienced by those affected.

It will be noticed that additional help has been given to those funds for temporary relief of officers and men of the Merchant Navy, who are very hardly hit by the continued depression in shipping. This is particularly the case with the former who have no State Unemployment Fund to fall back upon and have only the voluntary associations to which they can appeal for assistance. Attention has also been given to the question of help, by grants to the appropriate funds, in the education of their children for those young officers of the Royal Navy who have had their professional careers terminated through the reductions in the personnel of that service and find themselves with greatly reduced incomes and unable to obtain immediate employment on shore.

In their last report the Council brought forward the question of greater co-operation between those institutions dealing with the sea-training of boys, either in stationary training ships or in establishments on shore, with a view to the avoidance of overlapping in appeals and a reduction in administration expenses. The Council regret that though some small advance has been made during the year in the way of a reduction in the administration and other expenses of the individual establishments, nothing has so far been accomplished in the direction of amalgamation or co-operation. The Council are therefore continuing their efforts in this regard, having in view the fact that, from the national standpoint, there are more separate establishments doing identically the same work than are really necessary or desirable.

#### H. H. WILLS FUND.

The income of this Trust has to be allocated solely for the benefit of seamen and sailors of the Mercantile Marine and awards have been made to eight funds or institutions coming within the terms of the Trust deed. It was the wish of the testator that the Fund should be principally devoted to the benefit of aged and infirm seamen past work, after having served their country at sea long and faithfully. As detailed in an earlier part of this Report, the Trust has received considerable capital augmentation during the year which should, after next year, increase the income from about £2,900 to £4,000 a year.

#### W. S. DAVIDSON TRUST.

This Trust has precisely the same objects as the Wills' Trust and awards have been made accordingly to two funds.

#### BANKRUPT SEAFARERS' TRUST.

There being no eligible applicants no award was made during the year.

#### HONORARY VISITORS.

The Council once again desire to draw attention to the labours of the Honorary Visitors during the year and to take this opportunity of placing on record their cordial appreciation of the valuable work done by them in the interests of the Fund. Of the 97 institutions in Great Britain which received grants during the year no less than 74 were visited and reported upon during the year. This is the highest number of visits carried out in one year since the inauguration of the Fund and is a testimony to the zeal and energy of the visitors.

#### GENERAL NOTICE TO APPLICANT INSTITUTIONS AND FUNDS.

The General Council are open to receive special or urgent applications from Marine Institutions at any time during the year, and they will come up for immediate consideration. On the second Saturday in March an advertisement will be inserted in the Press, inviting applications from Marine Benevolent Institutions desirous of being considered at the Main Distribution of the Fund for the current year. Institutions will not be directly invited to apply for grants, and if an application is not received before July 1st it will be too late to share in the awards made in the following December. It is desired again to emphasise the fact that the absence of a grant, or the variation in the amount of a grant, to a Marine Benevolent Institution, implies only that the Council, having before them the current circumstances of the case, have decided upon the allocation accordingly.

A MEETING of the GENERAL COUNCIL was held at St. James's Palace on Thursday, December 8th, 1932, at 3.30 p.m., H.R.H. The DUKE OF YORK, President of the Fund, presided.

Campbell, D.S.O., R.N., in attendance on His Royal Highness.

After the Minutes of the last Meeting had been signed, HIS ROYAL HIGHNESS, the President, gave the following address :—

“ MY LORDS AND GENTLEMEN,

It gives me great pleasure to preside once again at our meeting, which has been convened in order to approve and publish the allotments of grants to the Marine Benevolent Institutions as recommended by the Distribution Committee. Although there are signs of improvement, the last 12 months have been months of anxiety and perplexity, not only to the seafaring community, with which this Fund is solely concerned, but to the nation at large.

At no period in our history has the British Mercantile Marine had to suffer so much adversity, and as a consequence a great number of its officers and men who are unable to resume their vocation afloat, together with their wives and families, have been experiencing privation and adversity to such a degree that they have been compelled to appeal to those marine charities which this Fund relieves and supports. The applications for assistance from these charities have been greater in number this year than ever, and, for the first time in the life of the Fund, the number of applicants for bequests has exceeded one hundred.

The Distribution Committee have had a more difficult task than usual in making their allotments, and have had to exercise greater discrimination in determining the varying claims of each. It is inevitable, therefore, that the decisions arrived at will, in a few cases, cause disappointment.

All charities have not suffered alike, and in some instances their direct appeals to the public have met with such a measure of success that, at the moment, they require little or no assistance from this Fund. On the other hand, greater pressure has been brought to bear upon some of the applicants than their internal resources have been able to meet, and thus they have been obliged to look for substantial help from outside.

In conclusion, I wish to pay my tribute to the memory of Sir Arthur Clarke, who conceived the idea of this great Fund, and to all those—some of whom are no longer with us—who had the foresight to realise its necessity and possibilities and who worked so unselfishly to place it on a stable foundation.

Our grants to-day complete a total sum of over three quarters of a million pounds, which the Fund has distributed in the few years which have elapsed since its establishment. This wonderful achievement cannot fail to give pride and pleasure to all those who had a hand in its foundation, as it must have also given hope and encouragement to the large number who have so materially benefited by its existence.”

The Report of the Distribution Committee was presented by Wing-Commander SIR LOUIS GREIG ; that of the Finance Committee by LORD ESSENDON, the Chairman ; and that of the Collecting Committee by Rear-Admiral SIR EDWARD INGLEFIELD. It was resolved in each case that the report be received and adopted.

Vice-Admiral SIR ROBERT MANSELL, Deputy-Chairman, then made a short statement on the work of the Fund during the year. In dealing with the losses of Members of the General Council, whose names had been previously published, he reported the death of Captain Thomas Whitehead a few days previously and a sincere vote of condolence was passed unanimously with his nearest relative. He mentioned briefly the work of the Central Bureau of Naval Officers' Charities and in referring to the offices, he thanked the Secretary and the Office Staff for their unremitting devotion to the work of the Fund.

He then moved the appointment of the Lords Mayor of England and Wales and the Lords Provost of Scotland as Vice-Presidents.

Mr. HERBERT SCRUTTON seconded and the motion was carried unanimously.

The LORD MAYOR OF LONDON then moved a vote of thanks to HIS ROYAL HIGHNESS for presiding, which was seconded by Mr. J. H. WHITLEY and carried unanimously with acclamation.

HIS ROYAL HIGHNESS, in thanking for the resolution, said :—

" I thank you, my Lord Mayor, and you Mr. Whitley, for proposing and seconding this vote of thanks to me, and I thank you my lords and gentlemen, for the kind way in which you have received it. I am very glad to know that the Fund, in these difficult times, has done so well this year, and I only hope that when we meet again next year things will have really turned the corner. During the last two years we have been saying that things are getting better, but there is not much sign of it yet.

I think people really do realise the importance of the Mercantile Marine to this country, and the way in which the general public give to this Fund, even in these days, shows that it is appreciated. I thank you."

The proceedings then terminated.

We have examined the above Balance Sheet dated 31st December, 1932, and the Income and Expenditure Accounts for the year ended 31st December, 1932, relating to the General and Special Funds with the books and vouchers and certify that they are in accordance therewith. We have verified the existence of the Investments by a certificate received from the Official Trustee of Charitable Funds apart from two securities not yet transferred to the Official Trustee which we have verified by letters from the Public Trustee and Stockbrokers. The Bankers have confirmed to us the balances in their hands.

## KING GEORGE'S FUND FOR SAILORS.

---

The object of the Fund is to secure more efficient aid for the Marine Benevolent Institutions throughout the Empire which have done so much for the Mariner in the past, and whose resources have been greatly strained by the calls made upon them in the stress of war.

The Fund is in no way intended to interfere with subscriptions and donations going directly to the Institutions they now benefit. The promoters of the Fund are convinced that it will increase the flow of public benevolence direct to these Institutions, as King Edward's Hospital Fund has so notably done for Medical Charities.

Similarly constituted, it is hoped King George's Fund will be in a position to reduce the cost of collection, to prevent overlapping, to promote judicious administration, and so prevent the wastage of funds subscribed by the public for the aid and comfort of Seamen; and to disseminate a greater knowledge and appreciation of the Imperial work carried on by the Marine Benevolent Institutions—Homes, Hospitals, Orphanages, Pension Funds, Destitute and Samaritan Funds, Schools, &c., maintained for the Seaman and his dependents.

Those members of the public who have been in doubt where most efficaciously to place the donations, which are their practical expression of gratitude for the Seamen's service to the Empire in war and peace, will find that the inauguration of King George's Fund for Sailors supplies this need; and, as in the case of King Edward's Hospital Fund in relation to Hospital supporters, ensures their generosity being exactly directed to the objects they desire to reach.

To this end it is hoped that those who realise not only the great work of the Royal Navy and its Auxiliaries, and the Royal Marines, but also the heroic service of the equally gallant men of the Merchant Service, in mail and cargo vessels, in Mine Sweepers, Mine Layers, and Patrol Boats, and of the fishermen in Trawlers and Drifters, will support the movement in every way in their power.
